Social Media Marketing wasn't
made for **real people**.

So we built something that is.

COLLABS MADE EASY.

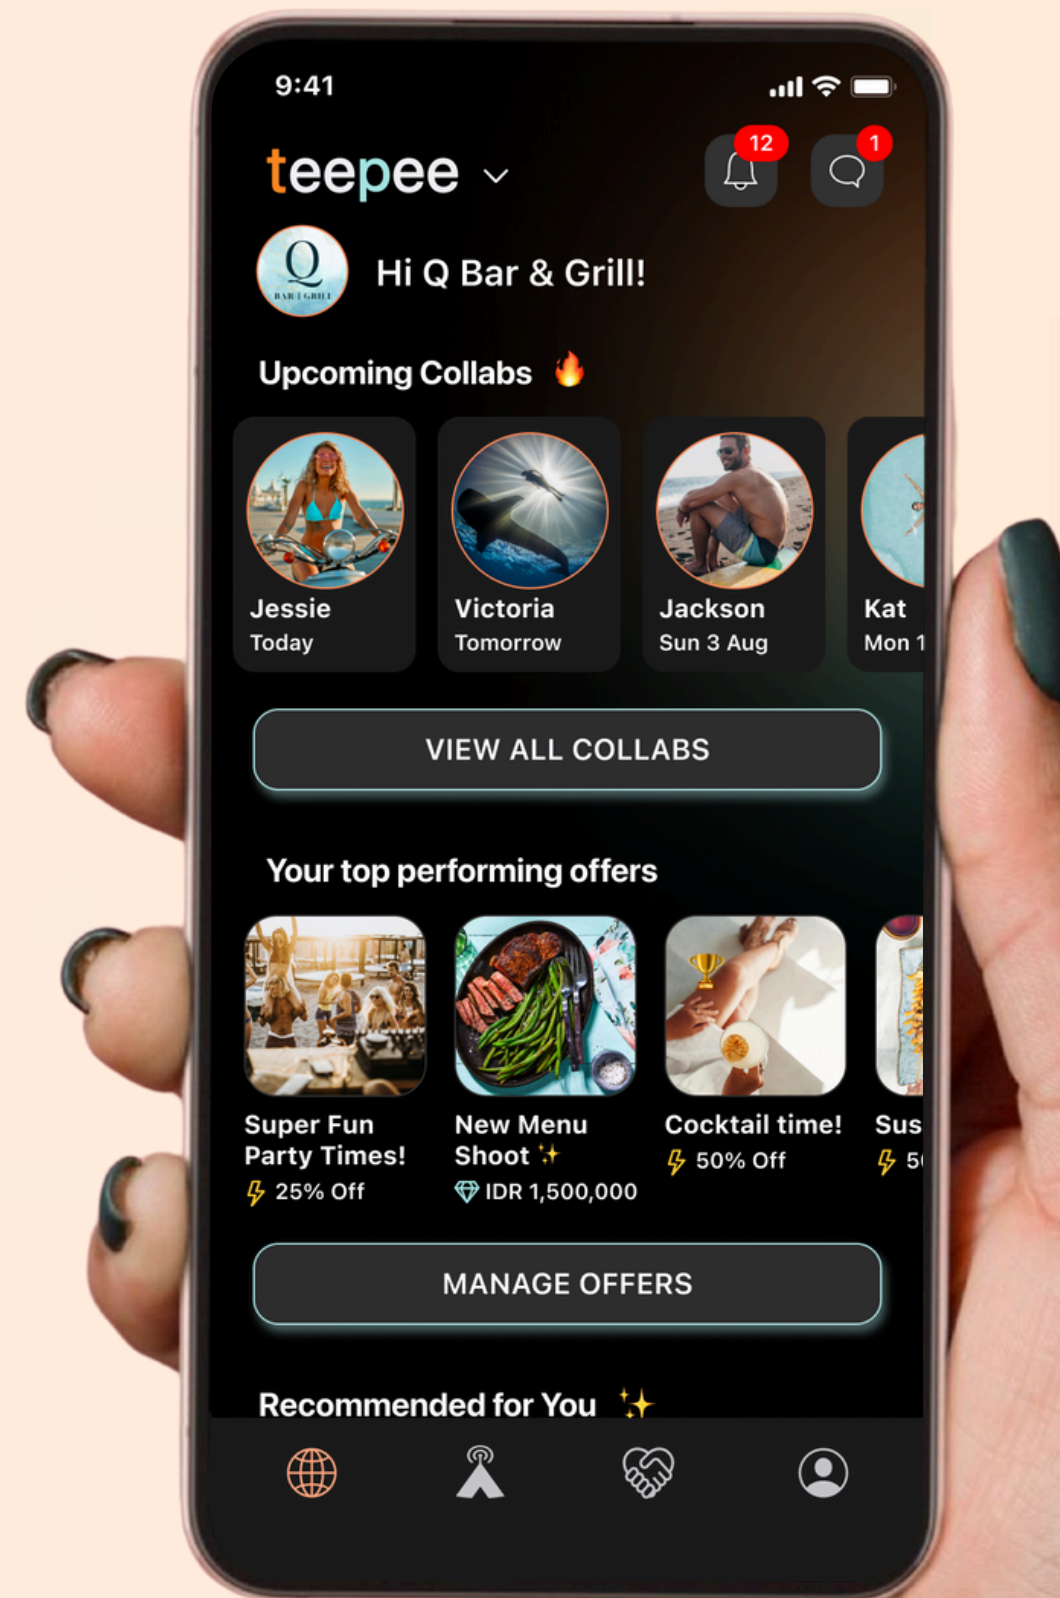

THE CONTENT IS THERE. THE **STRUCTURE** ISN'T.

Over **97% of social media users**
don't identify as creators.
Yet they post, share and drive
traffic daily.

But when it comes to
collaborations,
there's no structure.

Searching, pitching,
negotiating, following up...

It's chaotic, **time-consuming and exhausting.**

So most creators and businesses
don't even try.

Teepee is the missing layer,
a marketing tool to turn
content into collaboration,
increase **brand awareness**
and build your community.

IN A WORLD OF COLLAB CHAOS, WE BRING THE **INFRASTRUCTURE**

1. Businesses post offers

A voucher or % off. Public or targeted.
Defining timeframe, reward and platform.

2. Creators plan ahead & claim or apply

Creators explore offers they're eligible for, claim or apply, then visit the venue & enjoy the experience.

3. Creators post - Collab complete

Creators post content and upload links. Everything is tracked & saved in one place.

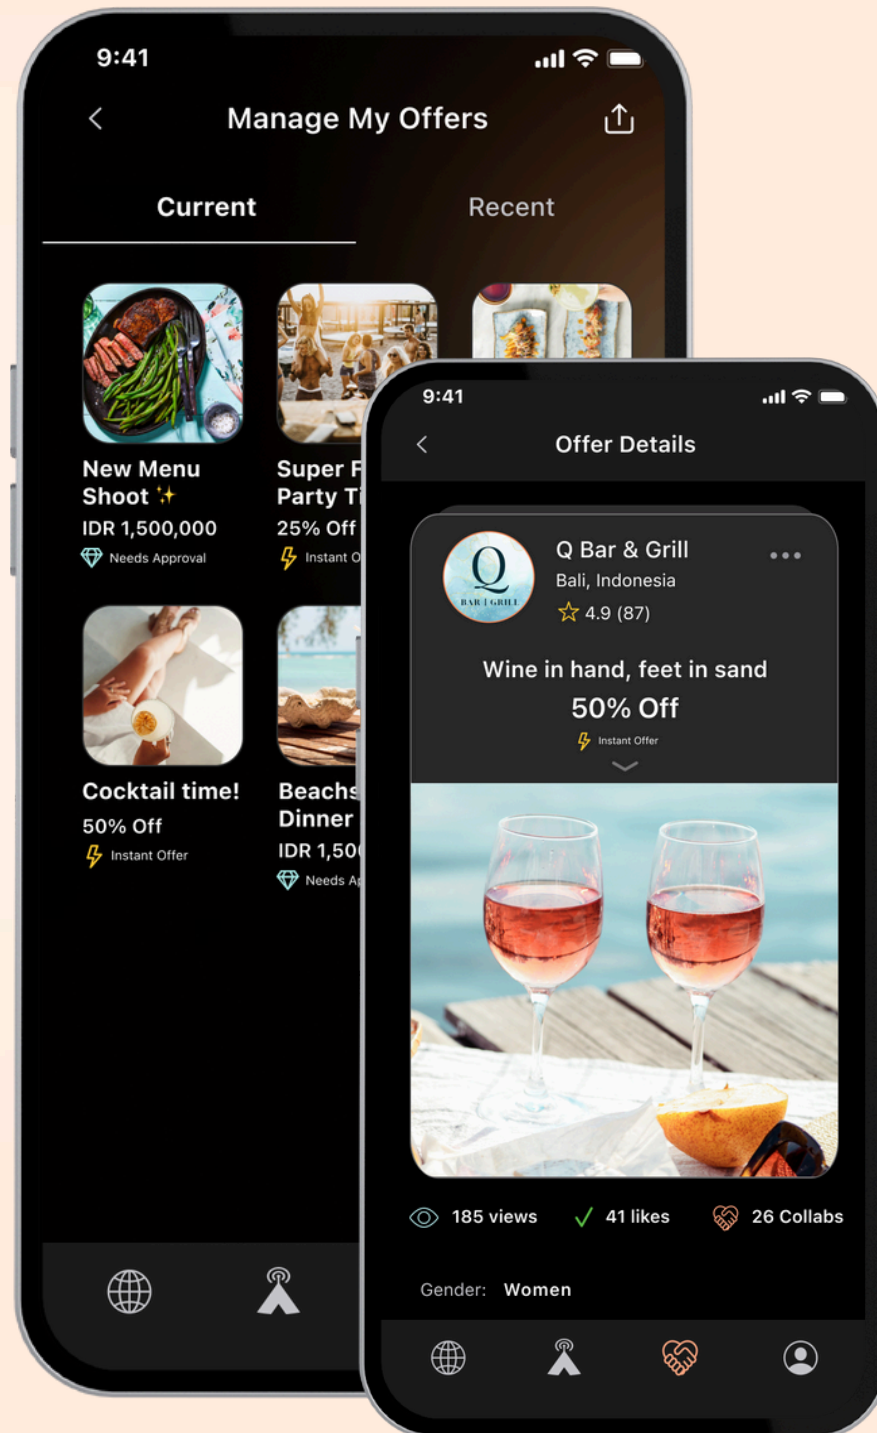

WE DIDN'T INVENT COLLABORATION – WE JUST **MAKE IT FUN**

App Features:

- **Geo-Planning** – Creators log upcoming trips for better targeting.
